ANTI-HAIR SNARE DRAIN COVERS

These revolutionary drain covers offer anti-hair entanglement design and a hi-low step design of the fingers on the drain cover which minimizes body entrapment and vacuum sealing (evisceration). The openings in this drain will also lessen the chance of toe and finger entrapment. The universal fastening design allows it to be retrofitted onto every known circular drain except the Sta Rite Swim Quip. This drain has a 2 year limited warranty.
